This year we are celebrating 35 years of ministry and we are excited that our conference theme for 2010 is "Keep Them Growing," based on Luke 2:52. Our emphasis is on helping children mature in Christ through a variety of teaching methods.

We have new workshops, some new locations, and we hope that we can help you and your Children's Ministry workers develop a new excitement for reaching and teaching kids.

We will have performances by some great Christian presenters, informative workshops in both creative and traditional ministry and inspiration to help you in your walk with the Lord. It's a great day of fun, fellowship, learning, and encouragement.

At Each Event

Larry Hipps has been in the Children's Ministry for almost forty years. He has put together a brand new workshop called *My Favorite Things*. He will be sharing his favorite things to do to teach and reach kids. Things like his two favorite ways to tell a story, his five favorite objects lessons, his favorite way to do an invitation for children, his favorite "kid getter," and much more.

After 35 Years

Bring Them In is celebrating 35 years of ministry this year. During those three and a half decades, we have provided training for thousands of Children's Ministry leaders in hundreds of churches.

Dr. Larry Hipps

I know how hard it is to keep workers motivated and excited. As a staff member in a local church, I was always looking for new and inventive methods to help my Children's Ministry workers do their ministry better and stay enthusiastic and fresh about reaching people for Jesus. Sometimes all it takes is someone else saying the same thing you've been saying all along.

That's why I'm so excited about the Bring Them In Children's Ministry Conference coming to your area. We will be sharing some things I think will help your children's workers - new ideas and encouragement they can really use. It will be a shot-in-the-arm to keep them fired up about the important task of reaching and teaching kids. Our theme is "**Keep Them Growing**" and our emphasis is on helping children mature in Christ through a variety of teaching methods.

There will be a book and supply table for you to purchase some great material. Plus, there is *no risk* - if the conference is not what you expected - you can get your money back on the way out.

I hope you will encourage all your children's workers to attend. Be sure to register early to save and remember if you also bring 10 or more from your church, you will get the best price possible.

God bless you and I hope to see you soon!

Yours In His Certain Victory,

Larry Hipps

12 Reasons to Attend a Bring Them In Children's Ministry Conference Coming to a City Near You

Our Conference Goals

We have three goals for every Children's Ministry leader who attends a BTI Training Event:

- 1.** To affirm and encourage you—we want you to leave understanding how important you are in the ministry to children.
- 2.** To get you to try something new—you get lots of ideas in both traditional and creative ministry that you can start using right away.
- 3.** To get you excited about your ministry and reach children and their families!

1. It's designed for anyone who teaches children – no matter what ministry they are in at your church.
 2. You will learn lots of stuff – stuff you can start using immediately.
 3. There will be plenty of unique Children's Ministry resources on the exhibit tables for you to purchase.
 4. There is probably a conference close to you so you don't have to travel too far.
 5. You will get to meet our conference featured guests and other Children's Ministry leaders from your area.
 6. There will be two Super Sessions with some great performances by top Christian performers and at least 12 breakout workshops.
 7. We cram everything into one big, exciting Saturday.
 8. It's a good time to fellowship and bond with the Children's Ministry leaders from your church – the more you bring, the better.
 9. It's cheap – less than half the cost of many similar conferences.
 10. We've been doing this for 35 years – we must be doing something right!
 11. A good children's program makes it easier for you to reach kids and their families – training events like this help you have a good children's program.
 12. It's FUN! You and your workers will have a great time—guaranteed or your money back!
